About us.

For more than 100 years our family-owned business has had a role in the world of flavors. From the beginning, our priority has been to offer a product line of the highest quality. These high standards have helped us to strengthen our position internationally, as one of the leading flavor producers. At the same time we maintain the attributes of a family-owned company that has and still is driven by its traditional values. Our company philosophy guides us to act responsibly when dealing with our employees, our customers and the environment.

Our standards, our customer focus and close collaboration with our clients guarantee a product developed to meet each customer's needs. The result: innovative, high quality food products, which give our customers a decisive competitive advantage.

Welcome to our world of flavors. The world of Silesia.
